

Dear Friends of Child Evangelism Fellowship,

We continue to need great participation in our **gas receipts project**. This will be ongoing through the Spring of 2012.

Why are we asking this? Because there are young people who attend our training school (Christian Youth in Action) during the summer months and teach hundreds of children in their communities about Jesus and how they can know Him. We have a scholarship fund for those who feel God calling them to further their education and these monies will go toward that, as well as underwrite the cost for our staff who teach these young people.

How does this work? The oil companies reimburse a small percentage of gasoline sales to those willing to do the work of inputting receipts minus the taxes and fees. There is a person willing to do this for our ministry and gives us a percentage of what he gets. We need to generate \$40,000 a month in receipts. We started out slow but it has been picking up lately. If you know of anyone who works at or owns a gas station and throws hundreds of receipts in the trash each day, please let them know of this opportunity.

The receipts have to be the original one, and need to be input within 45 days of purchase. The receipt can be from any station in any state in this country, and can be gas or diesel, car or truck.

If you gather your receipts monthly then mail them to: CEF of Oregon PO Box 7297 Salem, OR 97303-0061 or to our office - Ponderosa CEF, P.O. Box 737, Gilchrist, OR 97737 (we forward them to the State office). ***You will be helping this ministry greatly.***

By doing this, you will be impacting the life of a young person for Jesus who will in turn impact others. It's a win-win with little effort and minimal cost to you.

For the children,

Terry & Betty Edwards, Missionary co-directors
